A new video from Exchange Supplies:

Stopping smoking with NHS stop smoking groups: What it's really like

An 18 minute film which gives a unique insight into smokers' views on NHS Stop Smoking Services. Commissioned by Exchange Supplies for the UK National Smoking Cessation Conference.

The stories are told by real people, and give clear and important messages about their experiences of stopping smoking using the NHS Stop Smoking Services.

The video can be used by smoking cessation services to encourage attendance, inform clients of what to expect from treatment, facilitate discussions, train smoking cessation advisors and for discussions with commissioners and providers.

An essential tool for smoking cessation services and ideal for use in waiting rooms, group settings as well as in one-to-one and peer education work with smokers.
