The UK National Smoking Cessation Conference (UKNSCC) is the foremost meeting for smoking cessation specialists in the world. The programme will include presentations from leading international scientists and practitioners that focus on improving and delivering state-of-the-art smoking cessation treatments.

Submissions may be accepted for either oral paper presentations or poster displays. All abstracts will be peer reviewed and judged on their relevance to the conference. The deadline for abstract submissions is 2nd April 2007.

For further details of how to submit a paper to the conference, please see the conference website uknscc.org

Parallel sessions

In addition to keynote plenary sessions, a variety of parallel workshops, discussions, paper presentations and sponsored symposia are scheduled throughout the event, offering delegates an opportunity to explore in depth a range of issues. Further information on additional presentations and any programme updates will be posted on the website in the run-up to June 2007.
